

The Grand Concourse Tree Scrawl

Artist Amanda Matles will lead chalk drawing activities through the summer on sidewalks along the Grand Concourse.

Come imagine, investigate and learn about the underground anatomy of trees and make chalk drawings of how a tree's roots grow and interact with underground utilities and other hidden things. Drawing materials and refreshments will be provided.

All ages welcome. These events will take place weather permitting.

Locations and Times:

* Unless otherwise noted, meet at the Tree Museum sign in each location

Andrew Freedman Home: June 21, 3-4 pm
